DETAILED ACTION

1. The Applicants' preliminary amendment filed on January 18, 2002 was received. Claims 1-16 are deleted. Claims 17-47 are added.

Election/Restrictions

2. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 17-27, drawn to a silicone emulsion composition.

Group II, claim(s) 28-37, drawn to a method of controlling wrinkle in fabric.

Group III, claim(s) 38-47, drawing to and an article of manufacturing for
controlling wrinkles in fabric.

3. The inventions listed as Groups I, II and III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The subject matter of Group I and Group II is not so linked as to form a single inventive concept. Thus, Group I refers to a silicone emulsion composition, whereas Group II refers to a method of controlling wrinkles in fabric using any wrinkle controlling compositions, and Group III refers to an article comprising a undefined wrinkle controlling composition.

4. A telephone call was made to Mr. David Upite on January 15, 2004 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
